

# Scholars Practice Test Opportunities

2018

If you attended **Scholars Summer School** - either on our campus  
or at Cypress Ridge during Summer School - please read the message below.

We have four opportunities to attend a **Scholars Practice Test Session**. Testing will take place in the Mrs. Rivard's Room (#1562) and will begin promptly at 8 AM. Testing should be completed by noon. You will need to bring a number 2 pencil and a calculator to the practice test. You must register in the counselor's office beginning September 3<sup>th</sup> to ensure we have the correct number of testing booklets and staff available. To register, simply visit the counselor's secretary during lunch and have them put your name on a clipboard and the dates you plan to attend. Space is limited to available seating. There is no cost for taking a test. You may attend as many testing sessions as you choose. These are not mandatory but will help you gain valuable experience for the PSAT exam.

The Practice Tests for the remainder of the year as follows:

- September 8
- September 15
- September 22
- October 6
